God's Truth

God' s ultimate truth,
is Your spiritual root.

People fight each other, because they don't know and reject God's Truth,
which is the base of Your freedom, peace, happiness and eternal route.

There is only One Truth - the One of Our everlasting God,
everything else is a deceptive, lying, dark, schizoid, dim ode.

- 4 -

Pure Beauty

True beauty comes only from a pure, innocent heart,
not from a dark spark, masquerading externally stark,
the smart mind of a shark with a bestial sexual remark,
creeping like an insect larve with the aim profanely to lark and cruelly carve
all goodness and purity for sadistic amusment throughout excitngly to starve.

Healing A Broken Heart

A broken heart can't be healed with a lot of money,
neither by using dishonestly sly words like "honey".

To heal a heart You need honesty, respect, true, unconditional love,
not blaming games, parasitic intentions, permanent abusive shove.

- 6 -

The Wicked Ones

Only the wicked ones are ruthless, incurable, real weak.

Their wickedness could turn You into a helpless freak,
if You pay attention to their pointless, disturbing cheek,
You will lose Your true essence of a radiant chic geek.

- 7 -

In God I Trust

In God I honestly trust,
not in Satan's filthy lust.

The reptilian lust is like a nasty rust-
erodes severely the body and the soul,
disconnect You stat from the divine Source,
bores harshly dark holes in Your lightful whole,
redirects You straight into self destruction course,

- 8 -

Your Spirit will be scattered, feel lost like a sawdust.
Adjust Your heart to unconditional love to stay robust.
Overcome the devil's cussed temptetion, not to combust,
Make Satan with Your steadfast trust in God really nonplussed,
disgusted deeply from his unjust flesh trussed and love mistrust.

Happiness

Better to be happy from time to time,

than to be totally unhappy all the time,

Just shine in the line and all will be fine!

Be happy, what You won, not what You lost,

because everything has its extraordinary cost.
